

Doc Name:	Material Safety Data Sheet (MSDS) for 2X SYBR Green Fast PCR Mix with UDG		
Doc No.	MSDS/HL/63	Ver No:00	Effective from: 02/11/23

1	Company identification	HLSS Manufacturing Pvt Ltd Plot No's M14, M15, M16, TSIIC Medical device park Sulthanpur villiage, Ameenpur Mandal, Sangareddy Dist, TS-502319 Emergency Contact Tel: +91-08413-232256/ +91 9052226226 Email: info@huwellifesciences.com http://www.huwellifesciences.in
2	Product identification	
2.1	Name of the Product	: 2X SYBR Green Fast PCR Mix with UDG
2.2	Product Code	: HL - USYFPCM
2.3	Pack size (No. of rxns)	: 650µl
2.4	Intended use:	2X SYBR Green Fast PCR Mix with UDG is ready to use a concentrated mix with the detection reagent for Real-Time Polymerase chain reactions. The mix includes QuickStart Taq Polymerase, buffer, dNTPs, and SYBR Green detection reagent. The fluorescent SYBR Green reagent binds to the growing strand of DNA and is proportional to the polymerization. The quantity of double-stranded DNA formed can be correlated with the amount of SYBR Green intercalation in DNA, hence it helps in quantitative experiments. The mix contents do not interfere with the Polymerization, therefore can be safely used for the detection of dsDNA as and when it is formed. SYBR Green dye is sensitive to light and therefore should not be exposed to light for a long period. The reagent along with QuickStart Taq Polymerase Enzyme, dNTPs come with dUTP and Uracil DNA Glycosylase (UDG) enzyme. The incorporation of dUTP in place of dTTP to the growing strand during PCR makes it an ideal degradation target for the UDG enzyme. The UDG enzyme gets inactivated at higher temperatures, therefore does not interfere with the amplification while clearing out any potential contamination that may be carried over from previous experiments. The mix is available with and without UDG.
2.5	Composition/ Information on reagents:	The product contains 2X SYBR Green Fast PCR Mix with UDG Note : <i>This product is for research use only. This product must be used by scientists/ laboratory technicians with strong knowledge on molecular biology as per Good Laboratory practice (GLP) and product insert/ instruction manual.</i>
3	Hazards identification	Significant health effects are not anticipated from routine use of this kit when following the precautions listed within this MSDS and the kit

Caution

If you have any further questions about this MSDS, please contact our Technical Support by email: info@huwellifesciences.in

		specific package insert. None of the components listed within this kit are considered hazardous as defined by the Occupational Safety and Health Administration (OSHA). OSHA Hazards : No Known OSHA Hazards Inhalation : No information available. Ingestion : May be harmful. Skin Contact : No information available. Eye Contact : May cause irritation.	
4	First-Aid Measures	For all incidents, a medical exam is desirable Inhalation : Move to fresh air area. Ingestion : Rinse mouth, seek medical advice if immediate vomiting Skin Contact : Wash copiously with water and soap. Eye Contact : Flush eyes copiously with water and seek medical advice	
5	Fire-fighting Measures	Extinguishing media: Use any mean suitable to extinguish the surrounding fire CAUTION: Use of water spray when fighting fire may be inefficient. Un-extinguishing media : No information available Special hazards of product: No information available Protective equipment For fire fighting: Carry an autonomous respiratory protection apparatus and appropriate protection clothes	
6	Accidental release Measures	Individual Precaution: Use an individual protection equipment Environmental Precaution: If incident, let flow run copiously Method of cleaning: Clean with an inert absorbent	
7	Handling and storage	No specific recommendation is requested. Always store in frozen condition, Observe all conditions described in the user manual and on the labels. As with all chemical and biological substances, avoid getting the components within this kit spilled on you or into your body. Do not eat or drink while using this kit. This kit should be handled only by qualified clinical or laboratory employees trained on the use of this kit and who are familiar with the potential hazards. Universal precautions to be followed when handling and working with this kit.	
8	Exposure controls		
8.1	Exposure limits	: No information available	
9	Personnel Protection	Respiratory protection : No information available Hands protection: Wear water-proof gloves Eyes protection : Use chemical safety goggles Skin protection : Wear lab coat Hygiene measures: Follow good laboratory hygiene practices and security Instructions	

Caution

Doc Name:		Material Safety Data Sheet (MSDS) for 2X SYBR Green Fast PCR Mix with UDG	
Doc No.		MSDS/HL/63	Ver No:00
		Effective from: 02/11/23	
10	Physical and Chemical properties		
10.1	Physical state	: Liquid Chemical, physical, and toxicological properties have not been thoroughly investigated	
11	Stability and reactivity	Stability: Stable under conditions described in the Product insert Materials to avoid: No information available Hazardous decomposition Products: No information available	
12	Toxicological information	<u>Potential effects on health</u> Eyes : No information available Skin : No information available Inhalation : No information available Ingestion : No information available <u>Special Effects</u> Carcinogen : No information available Mutagen : No information available Toxicity for reproduction : No information available Sensitization : No information available	
13	Ecological information	Mobility : No information available Persistence/degradation : Intrinsically biodegradable Bioaccumulation : No information available Aquatic Toxicity : No information available Disposal Considerations & requirements : Dispose in accordance with state and local regulations	
14	Transportation information	The product is not dangerous. Follow IATA regulations	
15	Regulatory information	No information available	
16	Other Information	HLSS Manufacturing Pvt Ltd assumes no liability for damages resulting from handling or being in contact with this product. Customer is solely responsible for improper usage of this product other than for what this product is designed to use. The kit and its components may present unknown hazards and should be used with caution. Improper use and/or inappropriate combination with other products and substances may produce harmful results.
